

STUDENT SELF-ASSESSMENT
Before Architects in Schools Residency

Name _____

Date _____

Check the sentence that describes what you know about architecture, engineering and design:

I DO already know about architecture, engineering, design and/or the community.

I DON'T already know much about architecture, engineering, design and/or the community.

What do you think about when you hear the words design, architecture and engineering and construction?

What do you think an architect, an engineer or a contractor do when they go to their job?

Write about what you hope to do and learn from the design professional coming to your class. Attach sheets if necessary:
