

2020

HONORED CITIZEN

Oregon Teachers

Each year, teachers across Oregon help us deliver our Architects in Schools program to over 5,400 elementary school students. Together with volunteer design and building professionals, they are AFO's first responders and we couldn't bring the power of design to Oregon kids without them.

Thursday, October 28, 2020

4:30 - 6:00 PM

Virtual Program: bit.ly/afo-youtube

Silent Auction: www.32auctions.com/AFO2020

Zalika Gardner & Marsha Williams

Onry

Guest Speakers

Zalika Gardner, Marsha Williams, KairosPDX

Zalika and Marsha are two of the five founders of the education nonprofit, KairosPDX, which serves Black and Brown elementary school students in Portland. KairosPDX aims to eliminate the persistent achievement gap through a model built on love and inclusion that elevates the voices of historically underserved children, their families and their communities.

Guest Performer

Onry

Emmanuel Henreid, who goes by Onry, is a professional opera singer from Portland and is one of the only Black classically trained opera singers in the Northwest. In 2014 he became one of the youngest members of the Portland Opera. He performs internationally as well as locally and creates music that crosses over into many genres, which you can experience through his 2020 single, "Livin' in the Light."

Mixology Demo

Chef Joe Kim, 5 Fusion, Bend

Honored Citizen will kick off with an introduction to 5 Fusion Restaurant in Bend led by Chef Joe Kim. Joe has received three James Beard Foundation award nominations for Best Chef in the Northwest, the first Central Oregon chef to receive this honor. He and his team are happy to share these recipes with you.

Cherry Blossom Bitters

- Mix Everclear and cherry blossom petals
- Vacuum seal them together and cook them for 24 hours at 52°C
- Fill your shaker with ice
- Measure all ingredients
- Shake for eight seconds
- Strain and garnish with lemon twist

Smoked Salmon Mousse

This versatile hors d'oeuvre pairs well with the aromatics and botanicals of Freeland Spirits Gin.

- 8 ounces smoked salmon
- 8 ounces cream cheese
- 2 tablespoons mascarpone cheese
- 2 teaspoons yuzu juice
- 1/4 teaspoon kosher salt
- 1/4 teaspoon shichimi togarashi (Japanese seven spice)
- 3 shiso leaves chiffonade

Yuzu juice, shichimi togarashi and shiso can all be found at an Asian grocery store.

Combine all ingredients except for the shiso in a food processor and blend until smooth. Place smoked salmon mousse into a piping bag and pipe it on crackers, chips, or even cucumber slices.

Notes from Chef Joe Kim:

At 5 Fusion we smoke our salmon after brining it in a local IPA for 24 hours, but store-bought smoked salmon will do as well. We pipe our smoked salmon mousse onto a Japanese rice cracker and top it with Osetra caviar.
