Architects in Schools
Summer Camp 2023

Materials List

Recommended Materials and Supplies:
- Printed Student Architect Journal (this will be emailed to you the week before camp begins)
- Several sheets of paper (different kinds and colors encouraged!)
- Pencil and eraser
- Colored pencils, markers or crayons (something to color with)
- Scissors
- Glue
- Tape
- Ruler or straight edge
- Magazines, newspapers or other printed images to cut up for collaging (optional)
- Any additional art supplies or craft materials you have around your home!

Final Project Materials:
Students will be designing a monument for a person or group of people who deserve to be honored, but have not historically been. Recommended materials for their final model will depend on what they design.
- More of the materials listed above
- Recycled materials or anything around your home that can be used for model building (i.e. cans, bottles and cups, cereal boxes, milk cartons, cardboard, toilet paper rolls, etc.)
- Tempura paint and paintbrushes
- Twine or string
- Craftsticks/popsicle sticks
- Any additional art supplies or craft materials you have around your home!

Additional Bonus Challenge Materials:
Daily bonus challenges are optional, but are a fun way to keep your student engaged in design learning!
- More of the materials listed above
- One 12 x 18 inch sheet of cardstock
- Two 8.5 x 11 inch sheets of cardstock
- Stapler
